Generous donors to the Fay Jones School of Architecture and Design provide us the opportunity to award numerous scholarships to students each year. These gifts allow us to support the University of Arkansas' mission of recruiting and retaining high-achieving students who enrich and diversify the academic/design environment. These scholarships are available for both current and prospective students.

Each scholarship has specific criteria based on the donor's wishes, however, the selection process is coordinated by the Fay Jones School's Scholarship Review and Selection Committee. Such criteria may include academic merit, financial need, department or major, interests, organizational involvement, and portfolio submission. Because most Fay Jones School scholarships (including renewable scholarships) are one-year awards, **all current and prospective students are encouraged to apply each year.**

**NOTE: The AcademicWorks system will send email communications from [scholars@uark.edu](mailto:scholars@uark.edu). Be sure to ADD this email address to your list of contacts or address book, as some email servers may block the address or mark them as SPAM/JUNK. Be sure to check your SPAM/JUNK folder for emails from the system if you are not receiving them.**

To be considered for a Fay Jones School scholarship you must complete the General Application using the AcademicWorks system **before** completing the college-specific application. All pieces of the scholarship application will be submitted online unless specifically noted. An essay, academic résumé, and letter of recommendation will be required. **Submission period is January 1, 2023, to February 15, 2023 (through 11:59 p.m. that Wednesday).** Application instructions and specific details about these requirements are as follows:

- **Prepare a current academic résumé** (approximately 2-3 pages; your résumé must be formatted as a .doc .docx or .pdf document) that includes out-of-classroom activities that you have participated in during your college career, demonstrating contributions to the University of Arkansas, northwest Arkansas, or your hometown communities. The academic résumé is used to place your GPA into a broader context. Please read the tips for creating a résumé for guidance on preparing your academic résumé as well as reviewing suggested formats on this website, <http://scholarships.uark.edu/helpful-links/creating-a-resume.php>. Also, please consider meeting with your faculty for assistance with your résumé.
- Only include relevant high school information that would support your work or continued history of service during your college career. (NOTE: The "University of

Arkansas, northwest Arkansas” requirement on the résumé does not apply to incoming students.)

- **Compose an essay** (approximately two pages; there are no style requirements; your essay must be formatted as a .doc .docx or .pdf document) on the topic listed on the application. Student Success (at <https://success.uark.edu/>) offers free on-campus resources that you can use to assist in drafting your essay.

**ONLY COMPLETE APPLICATIONS** will be considered eligible for scholarship consideration. Many scholarships are awarded based on financial need and require completion of the Free Application for Federal Student Aid (FAFSA) (at <https://studentaid.gov/h/apply-for-aid/fafsa>). Therefore, it is strongly recommended that you complete this as soon as possible.
